

24 Rental Network Oy DAMAGE PRICE LIST

This is an unofficial translation of the Finnish damage price list. This translation is intended for reference purposes only without any warranty as to its accuracy or the completeness of the information. The Finnish original version of the damage price guide is the sole official version. In the event of any discrepancy between the Finnish original and this English translation, the Finnish original shall prevail. 24 Rental Network Oy assumes no responsibility for this translation or for direct, indirect, or any other form of damage arising from this translation. The most recent version of the damage price guide can be found online: www.24rent.fi/vauriohinnasto

This damage price list is a part of our Rental Terms and came into effect on October 4, 2023

This damage price list replaces all previous damage price lists

This document shows the fixed remunerations that will be charged from the customer in case of damages to the rented vehicle.

THE APPLICATION OF FIXED REMUNERATIONS

The below stated fixed remunerations cover only the specific parts and accessories

If the damage extends to other parts or accessories, the damage will be charged based on a repair invoice or -appraisal

In such case, the basis for the charge is the spare part- and labour expenses of the brand service

The customer is entitled to get the vehicle fixed by his-/herself only if the rental firm gives its permission

The repair shop and damage appraisal needs to be approved by the rental firm
